All members present must sign in the LCA attendance book.

Open Meeting Chair: _____ Time: _____ Date: _____

Attendees:

Zoom _____

Apologies: _____

Previous Minutes: May be read out by the secretary Or

Nomination that previous meeting minutes to be correct: _____ Seconded: _____

Matters arising from the previous minutes: Items 1-16.

Item No	Agenda Item	Action/ Notes	Status
1.	Call the meeting to Order	The meeting Commenced at 6. 01pm	
2.	Recording of the Zoom Meetings	The meeting will be recorded for documentation of the meeting minutes.	OPEN
3.	New Forum LCA	The LCA association have been told by TFNSW they are looking at a forum to be undertaken at TAFE late in 2025, , NOW 2026???? . Suggested that Ian Carpenter to raise as an agenda at the next TFNSW-VSWG meeting.	ON HOLD By TFNSW
4.	NSW Police	Peter Gillard prepared a common document for all certifiers to sign to and be presented to their local members of parliament, (Apply political pressure). This document covered the four bullet points raised previously by Lesly Gunaratnam. The document has been forwarded to the minister who has responded to the LCA with a NO. The current policy will stay as it stands. (The notice did not get to the minister and was handled by his deputies) Peter Gillard has not happy with the response and is currently working in the background on this matter with his local member with the objective that the documentation reaches the minister. Details to follow.	ON HOLD (WIP)
5.	LCA Website	John Oste has recommended that ALL members make use of the website.	OPEN

Licenced Certifiers Association General Meeting – AGENDA 2025-2026

		All GENERAL LCA MEETING (AGENDA / MINUTES) TO BE ONLY MADE AVAILABLE TO MEMBERS VIA THE WEB BY JAN 2025 TO BE STAGED IN OVER THE NEXT 6 MONTHS.	
6.	LCA Newsletter THE “BLURB”	Peter Weatherby is currently working on the second edition of the <i>Blurb</i> . Peter was happy to continue with the second edition. Details to follow	OPEN
7.	PRESIDENTS POST VSWG MEETING	<p>VSWG MEETING 20th November 2025. Zoom Attendees – Seven TfNSW management, CHMC, IAME, 4WDs, CAMs, AAAA, Ken & Ian LCA, Peter VSCCS, ASRF, and ACMC.</p> <p>Agenda Items</p> <ol style="list-style-type: none"> 1. VSCCS Certification Data (No of certificates & Certifiers) up to 1st October 2025. 2. Tyre Placards (Notice 21 on the portal) 3. TfNSW will increase the number of open VSCCS certificates from 40 to 80 by March 2026. TfNSW is also considering options to increase the current 4,000-character limit in the VSCCS certificate and are looking to enable the inclusion of evidence photographs following completion of the R-Safety project. 4. Modification Order – Temporary Removal of Seats The modification order, including details relating to the temporary removal of seats is awaiting final consultation and approval by TfNSW. 5. ADR 98/02 and ADR 105 – Consultation Update ADR 98/02, covering Advanced Emergency Braking for Passenger Vehicles and Light Goods Vehicles with a focus on bicycle detection, and ADR 105, covering Blind Spot Information Systems for blind-spot detection, are currently under consultation to align with the latest ECE PCE regulations. 6. Child Restraint Standards A report was provided on the ACCC child restraint standards consultation. The ACCC is considering mandating a new Australian Standard for child restraints, including a proposal to require all children under six months to be placed in rear-facing restraints. Members were encouraged to provide public submissions directly to the group. 7. Imported Conditionally Registered Historic Vehicles Concerns were raised regarding conflicting requirements for imported, conditionally registered historic vehicles. Some vehicles have been rejected due to the absence of compliance certification, creating confusion between the historic and classic vehicle sectors. Transport for NSW has advised that all such vehicles must comply, despite their conditional registration status; however, this position does not accurately reflect the 	<p>OPEN</p> <p>OPEN</p> <p>OPEN</p> <p>OPEN</p> <p>OPEN</p> <p>OPEN</p> <p>OPEN</p>

Licenced Certifiers Association General Meeting – AGENDA 2025-2026

		<p>different regulatory pathways that apply to historic and conditionally registered vehicles.</p> <p>8. VSI 48 and Service NSW Interpretation Issues</p> <p>Concerns were raised regarding confusion within VSI 48 and inconsistent interpretations by Service NSW relating to GVM upgrades. As noted by Mark Woods, the wording in VSI 48 is difficult to interpret, leading to uncertainty about whether a manufacturer's letter is required. These inconsistencies are particularly problematic for older vehicles, where such documentation is not available. The view expressed was that certifiers should be able to assess and certify these vehicles without requiring manufacturer confirmation.</p> <p><i>The next VSWG meeting is due to be held on 3rd March 2026.</i></p>	OPEN
8.	Off Site Meetings (North / South)	<p>It was proposed that the planned offsite meeting in the southern region be deferred to the 2026 agenda to allow for adequate preparation and member coordination.</p> <p>Mark Woods has been approached and has agreed in principle to host the off-site meeting, subject to sufficient advance notice. He is currently working on confirming a suitable date in April 26 to present and demonstrate a heavy trailer brake test procedure using his roller brake testing machine. This demonstration would provide valuable insight into real-world application and compliance verification.</p> <p>Additionally, Phil Woods has offered to facilitate a seat pull testing procedure at his facility in July 26, conducted in accordance with the relevant Australian Design Rules (ADRs). This would provide members with a practical demonstration of seat compliance assessment under current regulatory standards.</p> <p>Details and the dates to be advised.</p>	<p>OPEN</p> <p>OPEN</p>
9.	Vehicle Modification Code J4	<p>Transport for NSW has confirmed that VSCCS Certifiers accredited under HC5 (Body chassis frame, suspension, steering, transmission or driveline, wheels, tyres, axles, or lighting systems for medium and heavy vehicles and trailers) who do not hold <i>all</i> relevant modification codes will not be eligible for the new J4 Tipper Code.</p> <p>To support formal determination, Transport for NSW has contacted John Oste with a request for four (4) recent VSCCS J1 certificates, each accompanied by its complete evidence pack.</p> <p>John Oste has submitted the requested documentation, and the submission is currently under review. A formal assessment by Transport for NSW is pending, and further details will be provided once a determination is issued.</p>	OPEN
10.	Bus Seating - Advice Note on VSCCS Vehicle Certifications	<p>Terry Leeder received an email from Peter Weatherby, who recently obtained legal advice presented as a concise statement of guidance. Peter has elected to incorporate this advice as a standard note on his VSCCS compliance certificate, with the intention that other certifiers</p>	OPEN

Licenced Certifiers Association General Meeting – AGENDA 2025-2026

		<p>may also consider its adoption. The advice stems from a minor incident involving bus seating mounted to side walls and timber flooring using cam lock restraint systems integrated into side and floor rail assemblies. These restraint systems had not been serviced or inspected since installation, and during the incident, the seating assemblies skidded along their mounting tracks due to loosened cam locks within the bus.</p> <p>In response, Peter has added a clause to his certificate stating that the ongoing compliance of the vehicle is contingent upon the regular inspection and maintenance of all seat fastening and mounting devices, including cam lock restraint systems and associated side and floor rail assemblies.</p> <p>Terry Leeder has obtained publicly available this information from the Office of Safe Training Investigations (OSTI) website regarding the recent incident.</p> <p>He is preparing a follow-up email that will detail the circumstances of the incident, supported by photographs and any relevant documentation. This material is intended to assist and inform fellow certifiers of the potential compliance implications arising from the case.</p>	
11.	Robbie Holmes	Robbie Holmes advised that he is the next participant scheduled for scenario assessment. No further correspondence has been received at this time.	OPEN
12.	LCA 2025 Get Together Function (Christmas Party) Thursday 5 th Dec	We met at the Royal Cricketers Arms, and the evening was thoroughly enjoyed by all who attended. It was one of those rare occasions where everyone could unwind and genuinely let their hair down. Despite the extremely hot weather, we still had a reasonable roll-up, which was great to see. It is always valuable to come together, share some of the lighter moments from past experiences, and discuss specific rulings and practical situations in a relaxed and supportive setting.	OPEN
13.	Stuart Larkham - Cancelled VSCCS Certificates	Stuart Larkham provided an update on the progress of the VSCCS certificate cancellation process being undertaken by Transport for NSW. He reported that one of his clients has challenged the cancellation of his vehicle in court, where Stuart has been providing some assistance. The matter has been adjourned until next week. Stuart also noted that his brother has received a summons for a court appearance in relation to the removal of an exhaust system on a vehicle that had previously been certified.	OPEN
	Financials		
14.	Treasurer's Report	<p>John Oste reported in that the financials were within budget. Year period 2025 -2026.</p> <p><i>Net Assets to date 28th January 2026 – \$39,000.32</i></p> <p><i>Expenditure to date 28th January 2026 – \$10,001.12</i></p>	OPEN
15.	Website-Based Access for LCA Meeting Materials - Agenda	The Committee agreed that, effective immediately, General Meeting correspondence will be made available via a link on the LCA website. For a transitional period of three (3) months, meeting correspondence will be provided both as a website link and as a PDF attachment.	OPEN

Licenced Certifiers Association General Meeting – AGENDA 2025-2026

	Minutes	Following this period, distribution of PDF attachments will cease, and access will be available exclusively via the LCA website link. During the transition period, a PDF document will be included providing simple instructions outlining the proposed process. This document will demonstrate how members can navigate to the General Meeting section of the LCA website to access upcoming agendas, historical records, meeting minutes, and a “How to Navigate” video.	
16.	Vin Plates - Incorrectly entered in Drives	Mark Dewhurst raised a complication regarding a Holden HJ pink slip, where the last VIN digit was incorrectly reported as “8” on the documentation, while the vehicle itself displays “B.” Upon review with vehicle identity, it was determined that this discrepancy has existed since 1974. Although the vehicle identity itself has not changed the vin, they contacted DRIVES. To resolve the issue, a special case is being considered whereby drivers will be asked to undertake corrective measures to revert the VIN digit back to “B.” This approach will ensure that Transport for NSW maintains continuity of records dating back to 1974. It was further noted that this case will be used as a study example to guide future handling of similar discrepancies.	OPEN
